“Engage with us!”

Youth Exchange

10-17 December 2019

Poland, Poronin

SUMMARY

Over 60% of people under 25 declare that they will not take part in the upcoming elections. As organizations working to mobilize young people and support the idea of civil society, they can not be passive. In times of many tensions and crises in Europe - economic, migratory, Europeans should unite and act for the benefit of the whole community. The goal of our project is to build an active attitude, social responsibility and promote democracy. The aim of our initiative is to involve young people and youth leaders in creating a project that promotes social and cultural diversity and strengthens the ability of young people to express their roles in local and European communities.
